Computer Lab Inauguration & Certificate Distribution Ceremony

ज्ञान रथ

@ Sindoda

India is a great place to produce software, yet most people are digitally literate in urban areas only. Digital literacy is nearly nonexistent in the majority of rural areas, where two thirds of the population lives. Some schools provide very limited and inadequate training tools for students from rural areas. With the aid of mobile computer lab Gyan Rath, the Institute is attempting to close the digital divide by providing the required hardware and software in rural areas and by establishing computer labs in the chosen schools that Gyan Rath already serves to ensure sustainability and continuity of computer education. It was the first computer lab established

under Gyan Rath's project.

On January 4, 2024, a certificate distribution ceremony and computer lab inauguration took place at the government school premises in Sindoda, a hamlet chosen under the Unnat Bharat Abhiyan. The chief guest of the event was Indore District Collector Dr. Ilayaraja T. (IAS) who formally inaugurated the event.

Following the opening, Dr. George Thomas greeted the guests and expressed gratitude for the Institute's chance to equip rural kids with the skills they need to succeed in the computer-driven culture. The noble initiative's goal was to keep up the Gyan Rath's objectives and offer computer training to students. In order to

provide rural government schools with the same opportunities as urban ones, the Institute developed a sustainable program template for computer education and digital literacy and supply the necessary resources by setting up mini computer labs and extended learning centres there.

The program's objectives were to improve the quality of teaching in rural governent schools, encourage students in rural areas to pursue careers in science and technology, and develop a reusable and sustainable model to address resource and computer lab shortages in remote locations. 350 students, instructors, parents, village seniors and Sarpanch attended the program.

In addition to thanking the Institute and the Management Body for their efforts, Dr. Iliyaraja T. (IAS) gave parents and children the reassurance that the program will build the necessary competency for future success and lay the groundwork for digital literacy. Following this session, students from the school showcased a variety of cultural programs, and the event concluded with the distribution of certificates. Dr. Jagdish Sharma, Coordinator, Unnat Bharat Abhiyan & Gyan Rath, meticulously organized the event with members Dr. Poonam Nagar, Dr. Chandni Keswani, Dr. Raghav Jaiswal, Mr. Ram Bhavesh Sharan, Mr. Ravi Chouhan, Ms. Arnika Kabra & Mr. Ankur Sakalley.

NATIONAL SCIENCE DAY

In order to commemorate the inventions of science and the discovery of the Raman Effect in India by the Indian physicist, Sir Chandrasekhara Venkata Raman in the year 1930, the day is celebrated as National Science Day. For his great success in the field of science in India, Chandrashekhara Venkata Raman had been awarded and honoured with the Nobel Prize in the Physics. To honour this event, February 28 is observed as 'National Science Day' in India by the National Council for Science and Technology Communication (NCSTC) every year.

National Science Day was celebrated in the institute by Science Club. Various events including Guest Lecture, Poster Making Competition, Expert Lecture and Visit to RR CAT and UGC-DAE Consortium were organised by Department of Computer Science jointly with Science Club for the students of B.Sc programme.

Visit to the Raja Ramanna Centre for Advanced Technology (RR CAT)-A visit to RR CAT, a premier research institution specializing in nuclear science and technology was organised on February 25. 2024 for B.Sc.(CS/IT) students of the Institute. The students were privileged to tour state-of-the-art facilities, interact with researchers. and witnessed cutting-edge experiments. Different experimentalists explained the benefits and working of lasers like He-Ne laser, CO2 Laser and demonstrated application of laser in laser cutting, laser drilling, melting surface modification using Master cam and 3D printing. The Resource Person briefed students about the use of conventional light and laser for biomedical applications such as oral cancer and cervical treatment etc. There were interesting experiment based on liquid nitrogen like demonstration on balloon blowing, cloud formation and many applications based on Charles law were also demonstrated. The experiments on Indus-I and Indus-II were also explained by the scientists and its application in energy enhancement was also explained to the students. The demonstrators answered the queries of the students very ardently. They enlightened students with the bright scope in this field. The visit offered a glimpse into the forefront of scientific research and its potential impact on society.

Among the diverse array of events, a seminar, a Snakes and Ladders game, and Picture Quiz Competition were organized to engage student and faculty members.

Seminar on Road Safety: The Road Safety Month kicked off with an informative seminar featuring

expert speaker Mr. Lal Bahadur Bodhh, Traffic Police TI, Indore, Mr. Rakesh Sharma. Chief State Officer, Reserve Force, Indore, Ms. Arti Morya, State Officer, Reserve Force, Indore and representatives from traffic police and road safety organizations. The seminar covered topics such as the importance of wearing helmets and seat belts, adherence to traffic rules, the dangers of drunk driving and speeding, and measures to prevent road accidents. The students gained valuable insights into the root causes of road accidents and learned practical strategies for promoting road safety in their surroundings. The students were given certificates for their wholehearted participation in the field project activities during the whole session 2023-24.

Snakes and Ladders Game: To engage students and faculties in a fun and interactive manner, a Snakes and Ladders game with a road safety theme was organized. The classic board game was adapted to incorporate road safety messages, such as obeying traffic signals, using pedestrian crossings, and wearing reflective clothing at night. Through game play, participants internalized important road safety principles through fun and enjoyment.

Picture Quiz Competition: A Picture Quiz Competition was conducted to test participants' knowledge of road safety practices and regulations. Participants were presented with visually engaging images depicting various road scenarios, and they were tasked with identifying potential hazards, suggesting safe behaviors, and answering road safety-related questions

The program yielded significant positive outcomes in terms of raising awareness, disseminating crucial information, and fostering a culture of road safety consciousness within the students. The initiatives succeeded in creating awareness for safer roads for all. The program was well coordinated by Dr. Yogita Sharma and Ms. Shweta Potdar Gupta.

Demonstration of Fundamentals of Physics

In a bid to promote scientific knowledge and foster a deeper understanding of physics principles, the Science Club, in partnership with the Indian Association of Physics Teachers (IAPT), organized an illuminating lecture titled "Demonstration of Fundamentals of Physics." The lecture held on January, 25 2024 for students of B.Sc. Programme. The lecture, graced by esteemed

physicists and educators, Dr. T. R. Anantkrishnan and Dr. P.K. Dubey, Members of the National Executive of Indian Association of Physics Teachers (IAPT), Indore to render complex concepts through practical demonstrations and interactive sessions. Students were treated to a series of engaging experiments showcasing fundamental laws and phenomena of physics, from

mechanics to electromagnetism. They threw light on the practical applications of theoretical physics in various fields. Students were encouraged to participate actively, posing questions and engaging in discussions to deepen their understanding.

This collaboration between the Science Club and IAPT exemplifies the commitment to advancing scientific education

and fostering a culture of curiosity. The lecture concluded on a high note, with participants expressing gratitude for the insightful presentations and hands-on learning experiences. Dr. Namrta Soni, Dr. Radhika Singh, Ms. Disha Kusumakar were appreciated for their efforts in creating an inclusive platform for scientific discourse and exploration.

Empowering Youth through Surya Namaskar A National Youth Day Initiative

National Youth Day, celebrated on January 12 each year, commemorates the birth anniversary of Swami Vivekananda, a revered spiritual leader and youth icon. In harmony with the spirit of this day, a Surya Namaskar session was organized on January 12, 2024 to empower and revitalize the students with the everlasting benefits of yoga and to promote employee well-being through Surya Namaskar session. Students, staff and faculty members participated in this celebration, recognizing the transformative power of yoga.

The gathering fostered a sense of unity and camaraderie, as participants immersed themselves in the rhythmic flow of the Sun Salutation sequence. Mr. Rajesh Suryavanshi, the yoga teacher of the Institute led the sessions, guiding participants through each posture with precision and mindfulness.

The event aimed to instill the values of discipline, health, and holistic well-being among the youth, aligning with Swami Vivekananda's vision of nurturing a strong, dynamic, and spiritually awakened youth force. The event was well executed by Mr. Rajesh Suryavanshi with Dr. Jitendra Jain, coordinator National Service Scheme and Sports Officer Dr. Raghav Jaiswal.

Faculty Achievements

Ms. Shikha Jain, Assistant Professor and a research scholar of School of Computer Application awarded Ph.D. degree in Computer Application from Sri Satya Sai University of Technology and Sciences(SSSUTMS), Sehore(MP). Her research topic was 'An Energy Efficient Approach to Improving Performance of 5G in IoT Networking'

Ms. Yogita Sharma, Assistant Professor, Shri Vaishnav Institute of Management, Indore awarded Ph. D. in Mathematics from Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore. Her research topic was A Study on Fixed Points of Contractive Mappings in Abstract Spaces.
